

# DARK KNIGHT

## CRG DARK KNIGHT

The CRG Dark Knight is the latest model to join the CRG range. It is the first CRG kart to be designed specifically for use in the Rotax class in the UK. Unlike other karts the Dark Knight works with the Vega tyres that are used in the UK. It is stiffer than its rivals ensuring longevity however it enjoys excellent grip and is easier to set up than previous CRG Rotax karts. Having won in the British Championships on its debut, the Dark Knight is setting new standards in the Rotax Class.
